Nathalie Brandes

Geologist and Author

Join Dr. Nat on a geologic journey through 3.5 billion years of Keweenaw geology.

Tall mountains, vast seas, fountains of glowing lava— all these are chapters in

the history of the land we know today as Michigan.

Presentations Friday and Saturday at 4:00 pm

For the Kids:

find copper with a metal detector

free Mineral "Grab bags" and activities

2023: Sponsored by:
